

Project Team Bronze

Performance Period: 1/28 through 2/4

*(Note: there should be one report **posted to the project website** at the end of each week...)*

1. **Summary of Group Accomplishments:** <designated team member should summarize group accomplishments>
 - Added frontend to github
2. **Individual Contributions/Accomplishments:** (to be filled out by each individual)
 - **Asia: Met with the other mentor, researched about node.js, React, and connecting frontend with the database.**
 - **Jaylen: Met with mentor, changed chosen tools, set up vite/react app, researched node.js**
 - **Hadeel: On maternity leave**
 - **Roman: Worked to learn new tools, set up react app in github repository, downloaded new tools like postgresSQL. Continuing to research tools we plan to use for the application.**
 - **Micheal: Gave idea to create new mentor text channel for better communication and creation of basic database structure.**
 - **Chase: Installed PostgreSQL, set up vite for react, met with other mentor.**
 - **Andrew: Installed Node.js and PostgreSQL and learned more about the software**
 - **Colin: Installed and learned how to use new development tools (Node.js, PostgresQL), met other mentor**
3. **Key Objectives for Coming Week** (top level prototype development objectives)
 - Learn more regarding Postgres
 - Integrate frontend with backend
4. **Issues/Concerns:** Examples below...
 - Docker-compose does not work in VM
